Fastest Time in each Division Win GOLD.

Head to Head Racing

- **Round two** Ranking is based on race time from the first round.
 - **Round three** (medal round) rankings are a total combined times from round one and round two.
 - **Round three** racing for A/B/C divisions is head to head racing, winner of the race wins gold, second place wins silver.
- Round three racing for all divisions D/E/F/G/H are based on the fastest time in that round. Fastest time wins the gold medal in that division. Only gold medals awarded for these divisions.

• Every effort will be made to adhere to the established race schedule should a delay occur due to wave, wind inclement weather or other issue out side the Sydenham Challenges control and the delay is so lengthy as to render adherence to the original race schedule impossible, then the Race Director, in consultation with the Race Management Team, will modify the schedule.

• Should the wave, wind, inclement weather or other issues out side the Sydenham Challenges control occur during the first heat, the **recommended** modification will be to finish the first heat when conditions allow, and use all first round times to seat team in their division for the final medal round. The second round will be cancelled, and teams will move to the final medal round. *All decision by the Race Management team are final.*

• Should the wave, wind, inclement weather or other issues out side the Sydenham Challenges control occur during the second heat, the recommended modification will be to cancel the second round if less than half the races have been completed in this round, and use all first round time to seat team in their division for the final medal round. If more than half the races have been completed, the remaining will be completed after the delay. In the event that the remaining race can not be completed, the medals will be awarded based on round ones times only. *All decision by the Race Management team are final.*

• Should the wave, wind, inclement weather or other issues out side the Sydenham Challenges occur during the final medal round, the recommended modification will be to award medals for final round races for each division that have been completed. All divisions that did not have not completed the final round racing, medals will be award on their round 1 and round 2 combined times. *All decision by the Race Management team are final.*
